Dear Madam/Sir,

I, the undersigned, wish to express my concern and support in relation to the current situation on the contemporary art scene in Slovenia. My colleagues and me have been informed about the lack of structural support and the lack of constructive dialogue with the decision-makers on the side of Ministry of Culture.

We have been following the projects of the NDA Slovenija and have been in contact on their activities. They are a very recognized group of professionals and the lack of substantial funding would lead to slow erasure of their efforts. We stand by their side and support them, as well as Emanat, Gledališče Glej, Delak Institute, Maska, City of Women and Ana Monro. It is impossible to imagine the landscape of Slovene contemporary art without all these organizations and their projects.

Slovenian contemporary art is one of the most vital segments of the contemporary art globally as well as one of the most vital and reflective segments of Slovene society. We are aware that the great majority of contemporary art practices are realized in the independent, non-governmental and non-profit part of the scene. The work of these organizations and individual artists are of immense value and meaning for the global art scene, and a sign of a developed, democratically framed society. Any drastic cuts, impossibility of dialogue and disconnection of the players from the scene into the processes of common interest put in danger not only further development of these scenes, but also its past achievements, creating discontinuity and drains that are almost impossible to cure.

We hereby express concern and disbelief related to the current events between the independent art scene and the Ministry of Culture. As colleagues and long-term partners of the artistic associations and organizations in the independent scene, we are alarmed in the first place by the lack of procedures of funding, expertise of Ministry's juries and other bodies.

We are worried over the situation and appeal for the following measures suggested by the Slovenian colleagues to be considered:

- inclusion of the competent professionals into the vital decision-making processes
- enlargement of the budgets for culture
- re-structuring of the positions in the Ministry of Culture

With commitment and support to the art scene in Slovenia, we send our best regards,

Director of the Platonov Arts festival
